

January and subsequent recommendations.

It had also been aligned more closely with the operational plan. This involved incorporating greater detail and milestones to monitor progress. In summary it was noted that 18 actions were due by end of February of which 1 was Green (completed), 9 are Amber/Green (progressing well / almost completed / seeing some impact), 7 are Amber and 1 is Amber/Red.

Discussion highlighted the 8 QIP actions assessed at Amber and Amber/Red as follows: -

A range of strategies had been implemented across the College but attendance was still below the target of 85% (currently 80.4% on vocational programmes). The College was working with colleges with similar challenges, and researching evidence-based practice to develop policy and procedures to establish a whole-College culture that promotes high levels of student attendance.

Personal Development and Leadership & Management: design tutorial programmes to embed employability in schemes of work

Work had commenced and would be completed by the Easter break.

The Committee recognised that there was much work still to do so that all students were pushed to achieve their very best.

RESOLVED: that the Quality Improvement Plan (QIP) progress report be noted.
